THE HEART OF MID EUROPE WORLD YOUTH WIND ORCHESTRA PROJECT

The youth are our future, and a crucial part of Mid EUROPE. Young musicians from all over the world meet at the international wind music festival Mid EUROPE and break the boundaries of language by performing challenging repertoire with international conductors and composers.

The World Youth Wind Orchestra Project (WYWOP) enables participants to challenge themselves musically and make international friendships. Music is the universal language that enables them to do so, and the week culminates in a performance of the international World Youth Wind Orchestra on Saturday, July 13, 2019.

WORLD ADULT WIND ORCHESTRA PROJECT

Since its 20th anniversary in 2017 Mid EUROPE is also hosting the World Adult Wind Orchestra Project (WAWOP), which is an international orchestra project for musicians age 30+. Already at its premiere the project had great support among musicians and the audience, and also last year’s WAWOP was a great success.

In 2018 „Kids & Cops in Concert“ introduced a new concert format to the festival. The concept is to encourage kids to participate and to interact with the orchestra. For 2019, the motto is „Kids on Fire“, whereby the fire brigade of Schladming will be the co-host.

SCHLADMING TATTOO FRIDAY, JULY 12, 2019, STARTING 8 PM

TATTOO is a term that comes from the international world of military music. With Schladming TATTOO Mid EUROPE features hundreds of musicians, performing a wide variety of styles including traditional marches, show tunes, and movie scores, while showcasing incredible marching formations. In 2019 the show will take place in a somewhat smaller sacle at Wetzlar Platz opposite the city hall, due to construction works going on at the WM-Park Planai, where it usually takes place. Around the show further Open Air concerts will take place. Admission by voluntary donation.
