

Polish Journal of Agronomy (formerly Pamiętnik Puławski)

Polish Journal of Agronomy is a double-peer reviewed journal that covers a wide variety of topics related to crop science including plant, soil and environment studies.

Polish Journal of Agronomy welcomes original research articles, short research notes and research reviews in English.

Benefits to the Authors:

- No publication charges: all expenditures are covered by PJA,
- Figures: PJA accepts both grayscale and colour illustrations including photos, graphs and drawings,
- DOI number: all papers published in PJA will get the DOI number,
- Full technical support: no formatting is obligatory for initial submission except division into numbered sections and subsections,
- Open access: the content of PJA is free and accessible to all readers.
