

Voluntary contributions by fund and by contributor, 2023

1. The present report supplements the WHO audited financial statements for 2023.¹ The following schedules are provided in the Annex:

Schedule 1 – Voluntary contributions, by fund

Schedule 2 – Voluntary contributions, by fund and by contributor

- A. General Fund
- B. Fiduciary Fund
- C. By Programming Country

Schedule 3 – Deferred revenue, by fund and by contributor

Schedule 4 – Voluntary contributions receivable – non-current and current (by age and by contributor)

Schedule 5 – In-kind and in-service voluntary contributions

Schedule 6 – Voluntary contributions received in advance for 2024

2. As set out in the Secretariat implementation plan on reform (document EB152/34), WHO is committed to enhancing visibility for Member States and advancing accountability and transparency. In line with this commitment, this report includes information on voluntary contributions from Programming Countries – see Schedule 2C.

3. The accounting policies for receivables, deferred revenue and revenue are summarized in sections 2.3, 2.9 and 2.15, respectively, of the audited financial statements for the year ended 31 December 2023.¹

4. Revenue from voluntary contributions is recognized in accordance with the International Public Sector Accounting Standards (IPSAS), in particular IPSAS 23 (Revenue from Non-Exchange Transactions) when a binding agreement is signed by WHO and a contributor. Where (a) there are “subject to” clauses in an agreement, or (b) the total amount is indicative or not mentioned in the agreement and only confirmed upon release of funds, WHO does not control the resource and does not record the revenue and amount receivable until the cash is received. Where there are no payment terms specified by the contributor or where payment terms are in the current accounting year, revenue is recognized in the current period. Where payment terms specify payment after the year end, the amount

¹ Document A77/20.

is reported as deferred revenue. Where the start date is indicated as being in the following year, revenue is recognized in the following financial year, with any cash receipt recorded as an advance.

5. Each voluntary contribution is recorded through an award. The summary schedules presented in the Annex aggregate those awards, reporting contributions by fund and by donor. Miscellaneous receipts and donor contributions totalling less than US\$ 10 000 are grouped together and reported as “other and miscellaneous receipts”.

6. As reported in the Statement of Financial Performance in the audited financial statements for 2023,¹ all activities implemented by WHO have been consolidated in the financial report. This includes voluntary contributions received under the General Fund (Programme budget) and the Fiduciary Fund. The voluntary contributions reported in Schedules 1 and 2 of the Annex to the present report include in-cash contributions only. In-kind and in-service contributions are reported separately in the Statement of Financial Performance and detailed in Schedule 5 of the Annex to this report.

7. Please refer to the audited financial statements for 2023¹ for an overview of the details reported in this information document. Values in the audited financial statements are rounded to the nearest thousand United States dollars (US\$ 000). As a result, there may be small differences between the figures in this report and those in the financial statements and associated notes, due to rounding.

Note 1. The core voluntary contributions account (CVCA) includes funds received to support the Programme budget as a whole, considered fully or highly flexible; and funds that are earmarked only at the level of the category. Voluntary contributions – core includes funds that are earmarked for purposes within the Programme budget, considered designated, or of a medium level of flexibility. Designated funds are also referred to as “thematic”.

Note 2. Special Programmes and Collaborative Arrangements mainly represents revenue for activities related to poliomyelitis.

Note 3. The Contingency Fund for Emergencies was created in 2015 to provide temporary financing for emergency operations. For further details, see Note 6.1.b.ii to the Audited Financial Statements for 2023 (document A77/20).

Note 4. The WHO Staff Association Fund was created in 2018 for the activities of the Staff Association. Revenue recorded represents a transfer of flexible funds from the Office of the Director-General.

Note 5. The movement on the allowance for doubtful receivables is given in Note 4.3 to the audited financial statements for 2023 (document A77/20).

Note 6. Inter-fund revenue represents the transfer of funding internally between the General Fund and the Fiduciary Fund. These funds are recorded as an expense to the “donor” fund and as revenue to the “recipient” fund and are eliminated on consolidation.

Note 7. Voluntary contributions are reported in the Statement of Financial Performance in the audited financial statements for 2023 (document A77/20).

Note 1. Revenue from voluntary contributions is recognized in accordance with IPSAS 23 (Revenue from Non-Exchange Transactions). Revenue is recorded when a binding agreement is signed by WHO and the contributor. Where (a) there are “subject to” clauses in an agreement, or (b) the total amount is indicative or not mentioned in the agreement and only confirmed upon release of funds, WHO does not control the resource and does not record the revenue and amount receivable until the cash is received. Where there are no payment terms specified by the contributor or payment terms are in the current accounting year, revenue is recognized in the current period. Where payment terms specify payment after the year end, the amount is reported as deferred revenue. Revenue recognition will be revised based on changes to the payment terms listed in the signed agreement. Where the start date is indicated as being in the following year, revenue is recognized in the following financial year with any cash receipt recorded as an advance – see Schedule 6.

Note 2. Other and miscellaneous receipts include negative amounts representing a decrease in the revenue recognized in a prior period as a result of changes in contractual terms or a reduction in amounts receivable.

Note 3. Refunds to donors represent an outflow of resources based on a donor request following the submission of a final report showing a balance of unutilized funds. Refunds represent a decrease in the revenue recognized.

Note 4. Revenue is reported against the contributor with which WHO signs the agreement. In certain cases, funds from the contributor are sourced from another contributor that is referenced in the agreement. In 2023, donations to WHO were reported for which the following source contributors were referenced in the agreement:

- US\$ 20.04 million from the Global Fund to Fight AIDS, Tuberculosis and Malaria (GFATM) reported under the Principle Recipient contributors;
- US\$ 2.80 million from the Islamic Development Bank reported under Member State contributors;
- US\$ 29.15 million from the World Bank reported under Member State contributors;
- US\$ 1.00 million from the African Development Bank Group reported under Member State contributors; and
- US\$ 0.58 million from Gavi, the Vaccine Alliance reported under Member State contributors.

Further details on revenue from Programming Countries can be found in Schedule 2C.

Note 1. The data presented above are a subset of Schedules 2A and 2B.

Note 2. Programming countries are defined as all countries that are covered by a Resident Coordinator (including those covered by a Resident Coordinator in another country, such as for multicountry offices). As of January 2023, there were 130 Resident Coordinators covering 132 UN Country Teams serving 162 countries and territories.

Note 3. As described in Note 4 to Schedule 2A, revenue is reported against the contributor with which WHO signs the agreement. The revenue reported above, of US\$146.37 million, is under agreements signed with Programming Countries. In certain cases, contributor funds are sourced from another contributor referenced in the agreement. Where such information is available, it is shown above.

Reimbursable procurement – funds received in advance of delivery of goods or services (Note 2)						3 384 503
Grand total						903 776 238

Note 1. Deferred revenue is recognized based on legally binding agreements between WHO and its contributors where funds are earmarked and due in a future period. Deferred revenue – current (US \$494.93 million) and non-current (US \$408.85 million) are reported separately in the Statement of Financial Position and detailed as part of Note 4.13 to the audited financial statements for 2023 (document A77/20).

Note 2. As reimbursable procurement is an exchange transaction, any funds received in advance of delivery and services are reported as deferred revenue.
